

m_strings::stretch

```
graph LR; A[m_strings::stretch] --> B[m_strings::atleast]
```

A diagram showing a relationship between two identifiers. On the left, a gray rectangular box contains the text 'm_strings::stretch'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'm_strings::atleast'. Both boxes have a black border.

m_strings::atleast
