

m\_strings::flush\_trail

m\_strings::write\_message\_only

m\_strings::where\_write  
\_message

```
graph LR; A[m_strings::flush_trail] --> C[m_strings::where_write_message]; B[m_strings::write_message_only] --> C;
```

The diagram illustrates a flow or relationship between three components. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'm\_strings::flush\_trail' and the bottom box contains 'm\_strings::write\_message\_only'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box with a black border on the right. This gray box contains the text 'm\_strings::where\_write\_message' on two lines.
